

BATRAKE®

TECHNICAL FEATURES

MODEL	BATRAKE 8	BATRAKE 10	BATRAKE 12
Working Width - Min/Max	16'5" / 18'5"	18'5" / 21'8"	19'8" / 24'3"
Transport Width	9'2"	9'2"	9'2"
Transport Length	17'7"	19'2"	21'10"
Transport Height	8'2"	8'2"	8'2"
Ground Clearance	32"	32"	32"
Windrow Width - Min/Max	3' - 7'	3' - 7'	3' - 7'
Weight (lbs)	1,237	1,367	1,554
Wheels # - Dia.	8 each - 55" O.D.	10 each - 55" O.D.	12 each - 55" O.D.
Wheel Tines	7mm	7mm	7mm
Transport Tires	205/70-15	205/70-15	205/70-15

BATRAKE®

Carted V-Rake - BATRAKE®

Enoagricola Rossi now offers the latest innovation in High Capacity Caddy Rakes with the **BATRAKE**. Available in 8 - 10 and 12 wheel sizes, the BATRAKE comes in either Double Wheel or Single Wheel configurations. The heavy 7mm spring tines provide for excellent wear and strong resistance to breakage.

The heavy frame and high profile of the BATRAKE give a full 32" of ground clearance allowing it to rake in all types of ground contours in heavy hay conditions. The BATRAKE's unique lifting system gives you the ability to only partially raise the rakes when coming to the end of the field, rather than into the full transport position. A single hydraulic hose allows it to be used on older tractors with limited hydraulic remotes. Go from a V rake configuration to single side without leaving the tractor seat.

Optional hydraulically raised Kicker wheel available for all sizes

Patented pressure variable springs on the single wheel configuration keep ideal pressure on each raking wheels at all times.

Adjustable pressure spring.

Single hydraulic hose
